

### Puppy Kindergarten (3-6 months)

**Instructor: Dot Baisley**

This covers basic obedience and socializes the puppy to other dogs and people. Getting your pup off to the right start means fewer training problems later. Please bring a certificate or veterinarian bill confirming that the puppy is up to date on all shots, i.e. rabies and distemper. At time of registration, please give name, age, & breed of dog. The handler should be the same person every week, and be age 11 or older, but all family members are encouraged to attend.

6 weeks

Monday

7 - 7:50 pm

October 15 - November 26 (No class 11/12)

@ Warren Building

Min: 6/Max: 12

### Dog Obedience (6 months and up)

**Instructor: Dot Baisley**

This course covers basic obedience including sit, stay, come, and heel. Training is gentle and motivational, and specific attention is given to individual problems. Teaching tricks and general care will also be covered. Please bring a certificate or veterinarian bill confirming that the dog is up to date on all shots, i.e. rabies and distemper. At time of registration, please give name, age, & breed of dog. The handler should be the same person every week, and be age 11 or older, but all family members are encouraged to attend.

### Practical Radio: Understanding Electricity

**Instructor: Robert McGuane**

Take a step towards becoming an amateur (ham) radio operator by learning about beginning ham radio study activities and alternative communications (e.g. Family Radio Service [FRS] radios, etc.) used by hams for 2-way radio communication with non-hams for routine and emergency messages (cf. ARRL Handbook of Emergency Communications). Learn about modern 21st century, 2-way radio, cell phone alternatives. This one-night workshop will cover some but not all ham radio Technician Class licensing topics; and will provide an opportunity for wallet card sized certificates for participation in a "Radio Citizenship" course. The instructor is a math-science tutor & researcher, licensed in amateur radio, EMA ARES certified, trained in CERT, NIOSH certified, and certified as a participant of Wel. PH Reserve Volunteer Corps training; he is also a Net Control Operator for Wellesley Wireless/WHFR Net; and an Alternate Net Control Operator for the Norfolk County Emergency Preparedness Net.

### What's Next? Finding Work You Love

**Instructor: Debra Taylor**

Are you searching for a more fulfilling career? Are you re-entering the workforce? Have you always dreamed of starting a business? If you are searching for more satisfaction at work, or if you are ready to start exploring other career options, join us to clarify your career direction. Identify your favorite transferable skills through using a hands-on assessment tool, create a vision of your "dream job" and define what success means to you. You will develop action steps to get started on the path to manage a successful career or job change and discover the fulfillment you seek. Includes a 30-minute follow-up telephone session to keep you on track with your action plan.
